AGAINST ALL ODDS

This year, BRANA Campout Inc. has reached an agreement with Natural Chimneys for use of the entire campground. This will give campers room to spread out and allow them access to more of the campground's resources.

We will have use of Natural Chimneys' 142 campsites equipped with electrical and water service, plus additional parking, four shelters, the stage, four restrooms, pool and playground.

This also means that with the exception of the Natural Chimneys staff, everyone on the campground the weekend of July 17 - 19 will be BRANA 28 campers. We feel that this will offer an improved camping experience and make the BRANA Campout a better recovery event.

BRANA Campout Inc. and Blue Ridge Area Narcotics Anonymous are not affiliated with and do not endorse Natural Chimneys Regional Park.
